In particular applicants were directed to the new limitation steps including challenge which were not previously searched or considered. Although Saponin was previously searched such was not searched in this light. The declaration which was newly submitted is directed to the new limitations of challenge and thus has not been considered after final as to the merits. The examiner suggests filing a continuation for consideration of such subject matter as to patentability.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
